

## MEPI Alumni Grants FAQs

1. When is the deadline?

There is no deadline. All applications will be reviewed on Monthly basis. However, MEPI Alumni are encouraged to apply as soon as possible for the available number of awards.

2. What language can I submit my application in?

You can submit your application in English or Arabic.

3. What if I need more than \$3000 to implement my project?

The \$3000 amount is the maximum that can be allocated to projects. You are encouraged to think about small-scale projects for fast-track implementation and reporting.

4. What if my project can't be implemented in two months and I need more time?

Please note that awards will be for 2 months only and they will be for projects that will also demonstrate in their application the ability to complete the proposed work during this time frame. The end of the award does not necessarily mean the end of your project, and we recognize that some projects require longer commitment. We encourage alumni to think of the most sustainable solutions in their projects. Also, in addition to MEPI Alumni Grant resources, the Department of State, and the larger international donor community offer additional funding opportunities. MEPI Alumni Connection hopes to support MEPI Alumni through both targeted resources and training to apply for additional opportunities.

The requirements for the application include a completed and signed application (in English or Arabic), a proposed budget, and a proposed project activities timeline.
